

Quality, Safety and Environmental Policy Statement

Ancorra Environmental Services has produced this policy statement to demonstrate and set out its commitment to attain the highest level in quality, environmental management and health and safety standards.

The Company will ensure that it fulfills its services in accordance with all applicable legal requirements and with other requirements to which the organization subscribes, contractual obligations and to the BS EN 9001 Quality, BS EN 14001 Environmental and OHSAS 18001 Health & Safety standards, for which the Company is accredited by the BSI. In doing so the Company will fulfill its obligations to employees, visitors, contractors, neighbours, the general public and the environment, which may be affected by its activities.

The corporate objective of the Company is to ensure that the proper managerial, technical and administrative controls will be operated in order to enable this policy to be maintained. The QSE Manual has the full support of the Directors who will ensure that the necessary resources are made available for its implementation and continual improvement.

Together with the appropriate processes and instructions, Ancorra will ensure that activities are controlled in a manner compatible with achieving required service levels, preventing pollution, injury and ill health and fulfilling all obligations effectively. It is mandatory that all staff adhere to the documented processes and instructions in order to achieve a consistent approach.

It is management policy to ensure that all personnel involved in the company's operations have appropriate training so that each individual concerned can support and apply those sections of the company policy and procedures that relate to their activities within the Company. The policy also embraces the Company's relations with suppliers, with who processes and procedures will be promoted and implemented which will be of mutual benefit and which will also promote best practice.

The management system will be subject to continual assessment, auditing and review to ensure ongoing conformance and with the aim to continually improve the effectiveness of the management system. An essential part of this process will be setting and reviewing objectives and targets for quality, environmental and health & safety performance. We welcome participation, both within the Company and externally, in reviewing and improving the system to ensure that these high standards are maintained and exceeded.

A copy of this policy statement is displayed at company locations, on the website and is publicly available to all interested parties.

Signed

Trevor P Evans
Managing Director
